

Rebound

An online course and resource bundle to help you get Sunday, ministry, and giving back on track.

About this Course

ABOUT CHURCH FUEL

Church Fuel is your source for **insanely practical coaching** and **resources**. Through our online courses, resource library, and one-on-one coaching, you'll be equipped with the tools and insight you need to lead your church to healthy growth.

ABOUT THIS COURSE

Rebound is an insanely practical course to help you re-engage your congregation after COVID-19. We will help you adjust your Sunday morning experience to meet new needs, realign your systems, structure, and programs to reflect this new reality, and talk about giving and generosity in a way that helps get your church budget back on track.

WHAT'S INCLUDED

- Over 20 Insanely Practical coaching videos organized around three topics: Sunday, Ministry, and Giving.
- Digital resources to help you take action and implement what you've learned
- Special "Catch Up" Offering Kit with communication, video, graphics, and templates
- "Reset" Sermon series that's perfect for when you can meet again
- Tons of real-church examples and expert guidance

WHAT PEOPLE ARE SAYING

Churches that utilize Church Fuel resources are experiencing amazing results.

"It's helping us identify what is really important."

"It's giving us the ability to say no to good things that just don't fit."

"We're using it in our staff meetings and leadership retreats to make sure we talk about what is really important and not small stuff that only feels urgent in the moment."

Who Should Take It

THIS COURSE IS FOR YOU IF . . .

- You know there's going to be a "new normal" but you have questions about how to navigate church
- Giving has not met budgeted needs and you need to catch up
- You know you need to adjust staff, ministry, programming, systems, and policies but aren't sure how to make the right decisions
- You want to build on the lessons learned during the shutdown and have a stronger, healthier church on the other side

WHO SHOULD TAKE THIS COURSE?

Senior Pastors

who want to see their church bounce back from Covid-related financial struggles

Executive Pastors or Other Staff Members

responsible for managing the ministry and operation of the church

Leadership Teams

who want the church to be more effective in ministry

WHAT PEOPLE ARE SAYING

Churches that utilize Church Fuel resources are experiencing amazing results.

"Simply put, the stuff I learned in this course was eye-opening and it's a much-needed resource for any church."

"It finally got our elders and staff on the same page."

"It does such a great job at capturing the important stuff that we actually use it in our new member class."

What You Will Learn

Module 1: Giving

As your church begins to gather again, turn your attention to building financial health and getting your budget back on track. Matt's ministry expertise includes strategic thinking and planning, community engagement, church planting, and preaching as a means of leadership. He enjoys working out, writing, and fishing with his wife, Lacey, and their three energetic kids.

Ways to Use this Course

Since the course and all resources are delivered on-demand, you have a great deal of flexibility as you work through the content. Here's how other churches have used the course.

1. PERSONAL DEVELOPMENT

All videos and resources are accessible immediately upon registration, so you can work at your own pace. Many find that watching one video a week, then working on any relevant assignments, is a good rhythm. However, you could also move faster if that fits your schedule.

2. STAFF MEETINGS

Many churches take time in existing staff meetings to watch the videos and discuss the exercises. Devoting a part of your meeting to this type of training is a great way to "do" leadership development without adding any additional meetings or workflows.

3. TEAM LEARNING OPPORTUNITY

Some churches create extra meeting times or "focus weeks" to work through the material at a more rapid pace. This type of project learning might be a good fit for you or your team.

TECHNICAL REQUIREMENTS

In order to access the course, you'll need a current email account and access to a computer and the internet. You may need to view PDF documents, Microsoft PowerPoint presentations, Keynote files, Word or Excel documents. All attempts are made to deliver files in multiple formats, but editable and original documents often require the programs used to create them.

All files, videos, and resources are delivered via our member's only website. We recommend you use Google Chrome as your internet browser when accessing the Member Site. While you can access from phones and tablets or any web-enabled device, not all files will open on all devices. For example, zip files can't be opened from iPhones.

Please note that Vimeo, YouTube, Facebook, and other sites or tools may be used throughout the course.

We're here to help you
navigate the new normal.
